

Interior Design

Learn how to create residential and commercial interior designs from scratch, using the latest software and digital tools. Express your creativity, develop the technical skills employers want, and get real work experience before you graduate.

Many people confuse interior design with interior decoration. An interior designer does much more than decorate a space. They actually design spaces from scratch, based on the client's needs, budget, and style preferences.

Herzing's Interior Design program teaches you to how to make safe, creative, and functional designs, using the latest AutoCAD design software.

 Program Length: **18 months**
Includes **8 week internship**

 Program Delivery: **Online**
